

GITS MFG. CO.

Introducing our

2" Pressure Vacuum Vent

Worry-free Venting Protection for Metal IBCs, Tanks, and Totes

You want a more reliable, easy and clean vent solution. We listened.

Gits Manufacturing is pleased to introduce our AVS 2" Pressure Vacuum Vent designed to make your job easier. Engineered using key customer input, this innovative design provides better flow, stays cleaner, and is easier to maintain than ever before.

Vent design protects moving parts from container contents.

AVS 2" Pressure Vacuum Vent Features

- ◆ Moving parts protected from container content
- ◆ Six times more pressure exhaust flow than comparable vents
- ◆ Ten percent more vacuum flow than comparable vents
- ◆ Discharge pressure can be changed by replacing cover (3 and 5 psig available)
- ◆ Vacuum setting can be changed by swapping out an easily accessible washer (1/2, 3/4, and 1 psig available)
- ◆ Worry-free cleaning, pressure adjustment and rework without special tools or instrumentation
- ◆ Inhibits water and contaminant from collecting on internal surfaces
- ◆ Resists water intrusion from rain or pressure wash
- ◆ Robust superhydrophobic/oleophobic coating resists fluid adhesion to working surfaces
- ◆ Over-sized o-rings provide improved sealing

Find out how our new AVS 2" Pressure Vacuum Vent can give you a better, cleaner, easier-to-use venting solution. Contact Gits sales today at 800.323.3238, ext 2, or info@gitsmfg.com.

Advanced Vent System™

At Gits Manufacturing, we lead the industry in smart solutions for industrial venting. Our new Advanced Vent System, comprised of an all metal, lead-free AVS Fusible Cap and AVS Pressure Vacuum Vent, gives you the safest, most reliable and efficient venting system on the market today for your metal IBCs, portable tanks, and totes.

Gits AVS 2" Vent Specifications

- ◆ Low profile < 1"
- ◆ 316 stainless steel construction
- ◆ Viton and EPDM seals available
- ◆ UN31A compliant
- ◆ 3 and 5 psig covers available
- ◆ 1/2, 3/4, 1 psigvacuum settings available
- ◆ Zero leak to 1 psi below setting*
- ◆ Slots for tamper evident wiring provided

* Viton and EPDM only

AVS 2" PRESSURE VACUUM VENT

Part Number	Pressure Setting (psi)	Vacuum Setting (-psi)	Seal Material
1664-200035-E	3	1/2	EPDM
1664-200035-V	3	1/2	Viton
1664-200037-E	3	3/4	EPDM
1664-200037-V	3	3/4	Viton
1664-200031-E	3	1	EPDM
1664-200031-V	3	1	Viton
1664-200055-E	5	1/2	EPDM
1664-200055-V	5	1/2	Viton
1664-200057-E	5	3/4	EPDM
1664-200057-V	5	3/4	Viton
1664-200051-E	5	1	EPDM
1664-200051-V	5	1	Viton
